These workshops will introduce Positive Behavior Supports (PBS). Many children have behaviors that are part of their disability. These behaviors may make it difficult to learn, cause harm, or isolate a child from his or her peers. It is important for parents to understand that behavior is communication.

You will become more familiar with what a Functional Behavior Analysis (FBA) is, and how a FBA leads to the development of a Behavior Intervention Plan (BIP) that utilizes Positive Behavior Supports (PBS).

Who should attend: families of children/young adults with disabilities or learning difficulties, professionals, service providers, school staff.
